3. INFRASTRUCTURE AND RESOURCES

1) CLASSROOMS

I. WELL MAINTAINED CLASSROOMS

The college is equipped with well-maintained classrooms that create an excellent learning environment. Each classroom is clean, hygienic, well-lit, and properly ventilated, ensuring comfort and concentration. Modern furniture, ergonomic seating, and spacious layouts support effective and interactive learning.

Advanced teaching aids such as smart boards, audio-visual systems, and high-speed internet further enrich the learning experience. Regular upkeep ensures that all facilities function smoothly.

These thoughtfully designed classrooms promote a positive academic atmosphere, increasing productivity, engagement, and overall performance. By prioritizing quality infrastructure, the college provides students with a conducive, distraction-free space that encourages them to achieve their highest potential.

III. No. of Students benefited from ICT facilities: 2069= 100%

The college takes pride in its **90% ICT-enabled classrooms**, ensuring that **every student—100% of the learner community—benefits from technology-integrated education**. All classes are conducted in smart classrooms, supported by **technologically proficient faculty**, making digital learning an integral part of daily academics. Students actively use ICT tools for **presentations, quizzes, project work, and collaborative activities**, enriching their learning experience. In addition to classroom learning, students regularly access advanced facilities such as the **Library Resource Centre, Language Laboratory** (widely used by Elective English, Compulsory English, and postgraduate students), and a fully functional **Virtual Classroom**. These resources provide diverse digital learning opportunities and academic support.

With complete ICT coverage and accessible infrastructure, the college ensures that **every student develops essential digital competencies**, enhancing academic performance and preparing them for future professional demands in a technology-driven world.

V. Use of ICT facilities

The college has effectively integrated **Information and Communication Technology (ICT)** to create an enriched and student-centred learning environment. **Smart classrooms** equipped with interactive whiteboards and projectors make teaching more dynamic, while **online quiz platforms** and **virtual classrooms** support formative assessments and remote learning.

The **Language Laboratory**, fitted with advanced audio-visual tools and speech software, helps students improve communication and linguistic skills. Students also make extensive use of **e-resources, online journals, and digital databases** available in the e-resource room. In laboratories, **projectors and computer-aided design software** enhance practical demonstrations and technical learning.

ICT resources also strengthen administrative efficiency through facilities for **printing, scanning, and online attendance management**. With **campus-wide Wi-Fi**, digital feedback systems, and regular digital literacy initiatives, the college's ICT infrastructure has significantly transformed the teaching-learning process—enhancing student engagement, improving accessibility, and contributing to better academic outcomes.

5) SPORTS FACILITIES

I. No. of games/ sports activity conducted:

The college actively nurtures a vibrant sports culture through a wide range of activities, including rigorous trials for team selection and the annual athletic meet held on **December 18, 2024**. To ensure transparency and fair play, staff members remain fully involved in the entire selection procedure. Trials are conducted at the college ground, Chowgan, or Chamba ground under the careful supervision of teachers, the sports in-charge, and sports officials.

The college also celebrated **National Sports Day** on **29 August 2024**, commemorating the birth anniversary of legendary hockey player **Major Dhyan Chand**, with great enthusiasm and participation from students. Adding to its sports achievements, the college proudly hosted the **HPU Inter-College Kabaddi Championship**, marking a major milestone in the institution's sports calendar. Additionally, a **coaching camp for the Inter-University Kabaddi Championship (Women)** was organized to train and prepare talented athletes for higher-level competitions.

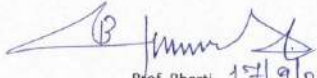

By promoting sportsmanship, teamwork, and physical fitness, the college provides strong opportunities for talent identification and athletic development. Through regular participation in diverse sports and recreational activities, students experience a balanced educational environment that integrates academic learning with physical well-being. This holistic approach enhances overall student health, confidence, discipline, and excellence.

II. Laboratories with adequate equipment according to syllabi: 100%

The infrastructure of the laboratories in the departments of Chemistry, Physics, Botany, Zoology, BCA, B. Voc , Geology, and Geography is meticulously designed to support a wide range of practical work, enabling students to gain hands-on experience. Each lab is equipped with state-of-the-art equipment, instruments, and resources that align with the curriculum requirements, ensuring students can conduct experiments with precision and safety. The availability of two separate laboratories in the Chemistry, Physics, Botany, and Zoology departments is particularly advantageous, as it allows simultaneous classes to be conducted, thereby maximizing the use of time and resources. This setup ensures that more students can benefit from practical sessions without compromising on the quality of instruction or access to apparatus. Additionally, the presence of dedicated storage rooms in the Chemistry and Physics departments, as well as a specialized black room in Physics, is a crucial aspect of the infrastructure. These spaces facilitate the secure storage of delicate equipment, chemicals, and other necessary apparatus, maintaining an organized and safe environment for practical learning. This comprehensive infrastructure fosters a conducive atmosphere for academic exploration and experimentation, ultimately enhancing the overall learning experience.

11) Achievements of Staff on Regular Basis

The college has established a robust documentation system to recognize and reward staff contributions, supporting performance reviews, career advancement, and internal communications. Through a standardized online submission process validated by Department Heads, achievements are recorded and showcased in reports, publications, and digital platforms, with updates to service books and personal files, and documents submitted to the Directorate of Higher Education for Career Advancement Scheme (CAS) purposes. Additionally, IQAC circulates a Google Form annually to collect staff achievements, including publications, awards, and participation in refresher/orientation/faculty development programs, with staff requested to email supporting documents to IQAC, ensuring accurate and up-to-date records and fostering a culture of appreciation, excellence, and continuous improvement.

I. Documentation through Career Advancement Scheme

Documentation through the **Career Advancement Scheme (CAS)** refers to the systematic recording and verification of faculty members' academic, research, professional, and administrative contributions for the purpose of promotion as per UGC and State Government norms. Under CAS, teachers maintain documented evidence of teaching–learning processes, evaluation work, research publications, participation in seminars and faculty development programmes, professional development activities, and institutional responsibilities such as committee work, extension activities, and student support services. This documentation ensures transparency, accountability, and merit-based career progression, while simultaneously promoting continuous professional growth and contributing to institutional quality enhancement and accreditation requirements such as NAAC.
