NOTICE

An interdisciplinary Lecture Series is being started as part of Internal Quality Assurance Cell Initiatives. The series aims to guide the students on all relevant general topics related to the streams of Science, Arts and Commerce. The lecture series has presently been started on pilot basis and will run throughout the year with the cooperation of all the faculty members. All teaching faculty members are hereby requested to suggest relevant topics from their respective fields and contribute to this series so that it can be beneficial for all the students appearing in various competitive exams.

The suggestions, along with the specific topic on which lecture will be delivered by the faculty member are to be submitted to the IQAC Co-ordinator latest by 30th September 2021.
